REMARKS South side of fault
15' -

700' S. to End Line of
of Smuggler lode. Total lode
3.5' good walls. The best
face in the mine. Very
little oxidization. Owners
claim 2.86' oz. of Au. 10% Cu.
a dike to the south may
interrupt this vein. also the
sedimentary contact is not
far south of ridge. This dike
should have been spotted. owner
is reluctant to drift here.
